20th June 2017

To Parents of Pupils in Year 5,

As part of the Personal, Social, Health Education and Economic Wellbeing (P.S.H.E.E) and Science curriculum for Year 5, we will be covering body changes that occur during puberty. During these sessions, the children are encouraged to ask questions which we will answer as fully as is appropriate for the year group. Please be aware that this may mean that your son/daughter might ask further questions at home and we would always recommend that they are answered openly and honestly.

As a parent, you have the right to withdraw your son/daughter from these aspects of the programme of study. If you would like any further information, or if you do wish to withdraw your child, then please speak to the class teacher or Miss Ward who can supply you with a withdrawal letter.

Yours sincerely
C Ward

Miss Ward
Year 5 Teacher and Science Co-ordinator.
